

Teen Zone is a community based program for adolescents 13-18 years of age with mild intellectual disabilities.

Our AIM:

- To empower our members by mentoring them with the skills they will require when socializing and going out into the community.
- To develop communication skills, self-confidence and self-esteem.
- To foster friendships between the members.

Teen Zone offers a variety of fun, diverse and dynamic activities, within a supportive environment.

Some of our favourite places:

- Luna Park
- Concerts and Live Shows
- Aquarium
- Grass Karting
- Lazer Skirmish
- Live Sporting Events
- Camp outs and nights away
- Easter Show
- Reptile Park
- Roller Skating
- Jamberoo

Through recreation, Teen Zone endeavours to create opportunities which encourage members to interact with peers, build new friendships and increase social experiences.

The program is funded through the NSW Department of Family and Community Services, Ageing Disability and Homecare.
